**10 - If you could pick one or two ways to improve this course, what would they be?**

**Response Rate** 2/5 (40%)

- I would include more face to face meetings, maybe a zoom discussion or two
- The work load is extreme. I don't believe the online method is conducive to learning the material.

**11 - In what ways did the instructor facilitate student online participation/engagement?**

**Response Rate** 2/5 (40%)

- many discussion boards, and engagements through assignment critiques/rubrics
- Discussion boards, peer reviews of work, and staying connected to us.

**12 - Any additional comments?**

**Response Rate** 3/5 (60%)

- Love this instructors dedication, and her willingness to advocate on behalf of her students
- Dr. Barrett-Fox is amazing. She is the single most helpful person I have ever encountered in my college career. She made me feel like I was her only student, and that she genuinely cared that I was succeeding. She gave the kind of feedback that implied it was more important to know the material than to just get it done, and she backed it up with opportunities to do better. I couldn't say enough about how much I appreciate and respect her. She is a leader and role model.
- This professor is the best. There is a bit of work, but it is manageable. Professor gives great feedback that is very applicable. I would take as many classes with Dr. Barrett-Fox as I can.
